THE YOUNG PEOPLE

ARE HOLDING SPLENDID MEETING AT THE TABERNACLE THIS AFTERNOON.

IS LIKE A SMOULDERING VOLCANO

May Break Forth at Any Moment in a Great Movement Toward Christ—Large Crowds at All the Services.

NOTES.

Three thousand men are invited to the meeting at the tabernacle next Sunday night. Leave your wives at the First Methodist church. Mr. Butler and Mr. Young are both troubled with sore throats, but will be well by Sunday.

As we go to press a large meeting for young people is being held in the tabernacle. Yes, ladies, there will be three services Thanksgiving day—morning, afternoon and evening. A committee of turkeys requested it.

You can do good by sending copies of the paper to your friends in other parts of the state.

The writer asked Rev. W. S. Jacoby, the leader of personal work, what he thought of the meetings here in Sedalia. In reply he said:

"The situation here is like a smoldering volcano, which may break forth at any time. There will be a great movement toward Christ in the near future. God grant that it may not be postponed."

That such is the case is the united judgment of all, and unless we fail to do our duty a mighty revival will sweep over the city.

The service held on Thursday afternoon was a special one, owing to the fact that Dr. Torrey spoke on the important subject, "The Conversion of Children." He said that it was very necessary that we lead the young to Christ, and then he asked those who became Christians before they were 21 years of age to stand up, when nine-tenths of the congregation arose. Every minister in Sedalia stood, signifying the fact that they were converted young. As we go to press this afternoon a large meeting is being held for the young people of the city. Dr. Torrey will urge them to accept Christ now, and this meeting promises to be fruitful of large results.

The services next Sunday will be divided. In the afternoon there will be a great mass meeting for ladies at the tabernacle and a meeting for men at the First Methodist church; then at night the men will meet at the tabernacle and the ladies at the church. Every man in Sedalia is urged to attend the service at night.

Last night Dr. Torrey continued the subject of "Hell; What Sort of a Place It Is." Tonight he will speak on "God's Blockade on the Way to Hell." The tabernacle was filled to the doors, there being at least nearly three thousand people present. Following is an outline of the sermon:

Hell; What Sort of a Place It Is and How to Escape It.

We saw last night that hell was certain, because Jesus Christ said so; the apostles said so; God said so. We saw, in the second place, that hell was certain, because experience, observation and common sense prove that there is a hell. Then we saw that hell was a place of extreme bodily suffering and that hell is a place of memory and remorse. There we had to stop.

In the next place we see that hell is a place of insatiable and tormenting desire. You remember what Jesus tells us of the rich man in hell. The rich man said, "Send Lazarus to dip the tip of his finger in water to quench my thirst, for I am in torment, in agony in this flame." What is it a picture of? This man; there is another thing you will carry into the next world with you; you will carry into the next world the desires that you build up here. Hell is the place where desire and passion exist in their highest potency and where there is nothing to gratify them. You men and women that are living in sin, living in worldliness, what are you doing? You are developing in your soul

passions, desires, until they become pregnant, for which there is no gratification in that world to which you are going.

In the next place, hell is a place of shame. Oh, the awful heart-breaking agony of shame. Hell is the place of shame, where everybody is dishonored.

Hell is a place of vile companionships. Do you want to know the society of hell? Rev. 21:8, "The fearful, and unbelieving, and the abominable, and murderers, and whoremongers, and sorcerers, and idolaters, and all liars shall have their part on the lake which burneth with fire and brimstone; which is the second death." That is the society of hell. "Oh," but somebody says, "many who are brilliant and gifted are going there." It may be, men, but listen. How long

WARREN IS FREED

PETTIS COUNTY MAN ON TRIAL FOR MURDER ACQUITTED BY THE JURY.

TRIAL LASTED BUT TWO DAYS

Was Given to Jury at 3:40 O'clock This Afternoon and Verdict Was Rendered After 40 Minutes' Deliberation.

The jury in the case of Thomas W. Warren, charged with the murder of John Wilkerson, a farm hand, on July 16, last, returned a verdict of not guilty at 4:25 o'clock this afternoon.

The Thomas W. Warren murder case was resumed in circuit court this morning, after the state had rested late yesterday afternoon and Judge Hoffman had refused to peremptorily instruct the jury to acquit the defendant.

Mr. Warren was placed on the stand this morning in his own defense, but was not interrogated as to anything that occurred on the day of the killing, his entire testimony dealing with what had occurred the night before the shooting.

Three other witnesses testified for the defense in the persons of Gustave Arnst, J. L. Ward and Thomas Marcum, their evidence all telling of threats made by Wilkerson against Warren.

The instructions for the state were read to the jury by Mr. Dow, and those for the defense by Mr. Steele. Mr. Dow made the opening argument for the state and Judge Longan for the defense, after which court adjourned until 1:30 o'clock p. m.

At the afternoon session W. D. O'Bannon and W. D. Steele addressed the jury for the defense. Court took a recess of ten minutes, after which Mr. Dow, at 3 o'clock, began the closing argument for the state. The case went to the jury at 3:40 o'clock.

DR. GRAHAM WILL CASE

It Will Not Come Up Until the 26th of November.

The late Dr. W. N. Graham will case was to have come up at Excelsior Springs tomorrow, but it has been postponed until the 26th inst.

Dr. Graham was for years the business manager of the old Sedalia Democrat. He left the most of his estate, valued at \$25,000, to the First Baptist church of Sedalia and the Baptist church at Excelsior Springs. Wesley and John Graham, brothers of the dead man, do not believe that the doctor was in his right mind when he made his will and have therefore had the case taken into court for a jury to decide.

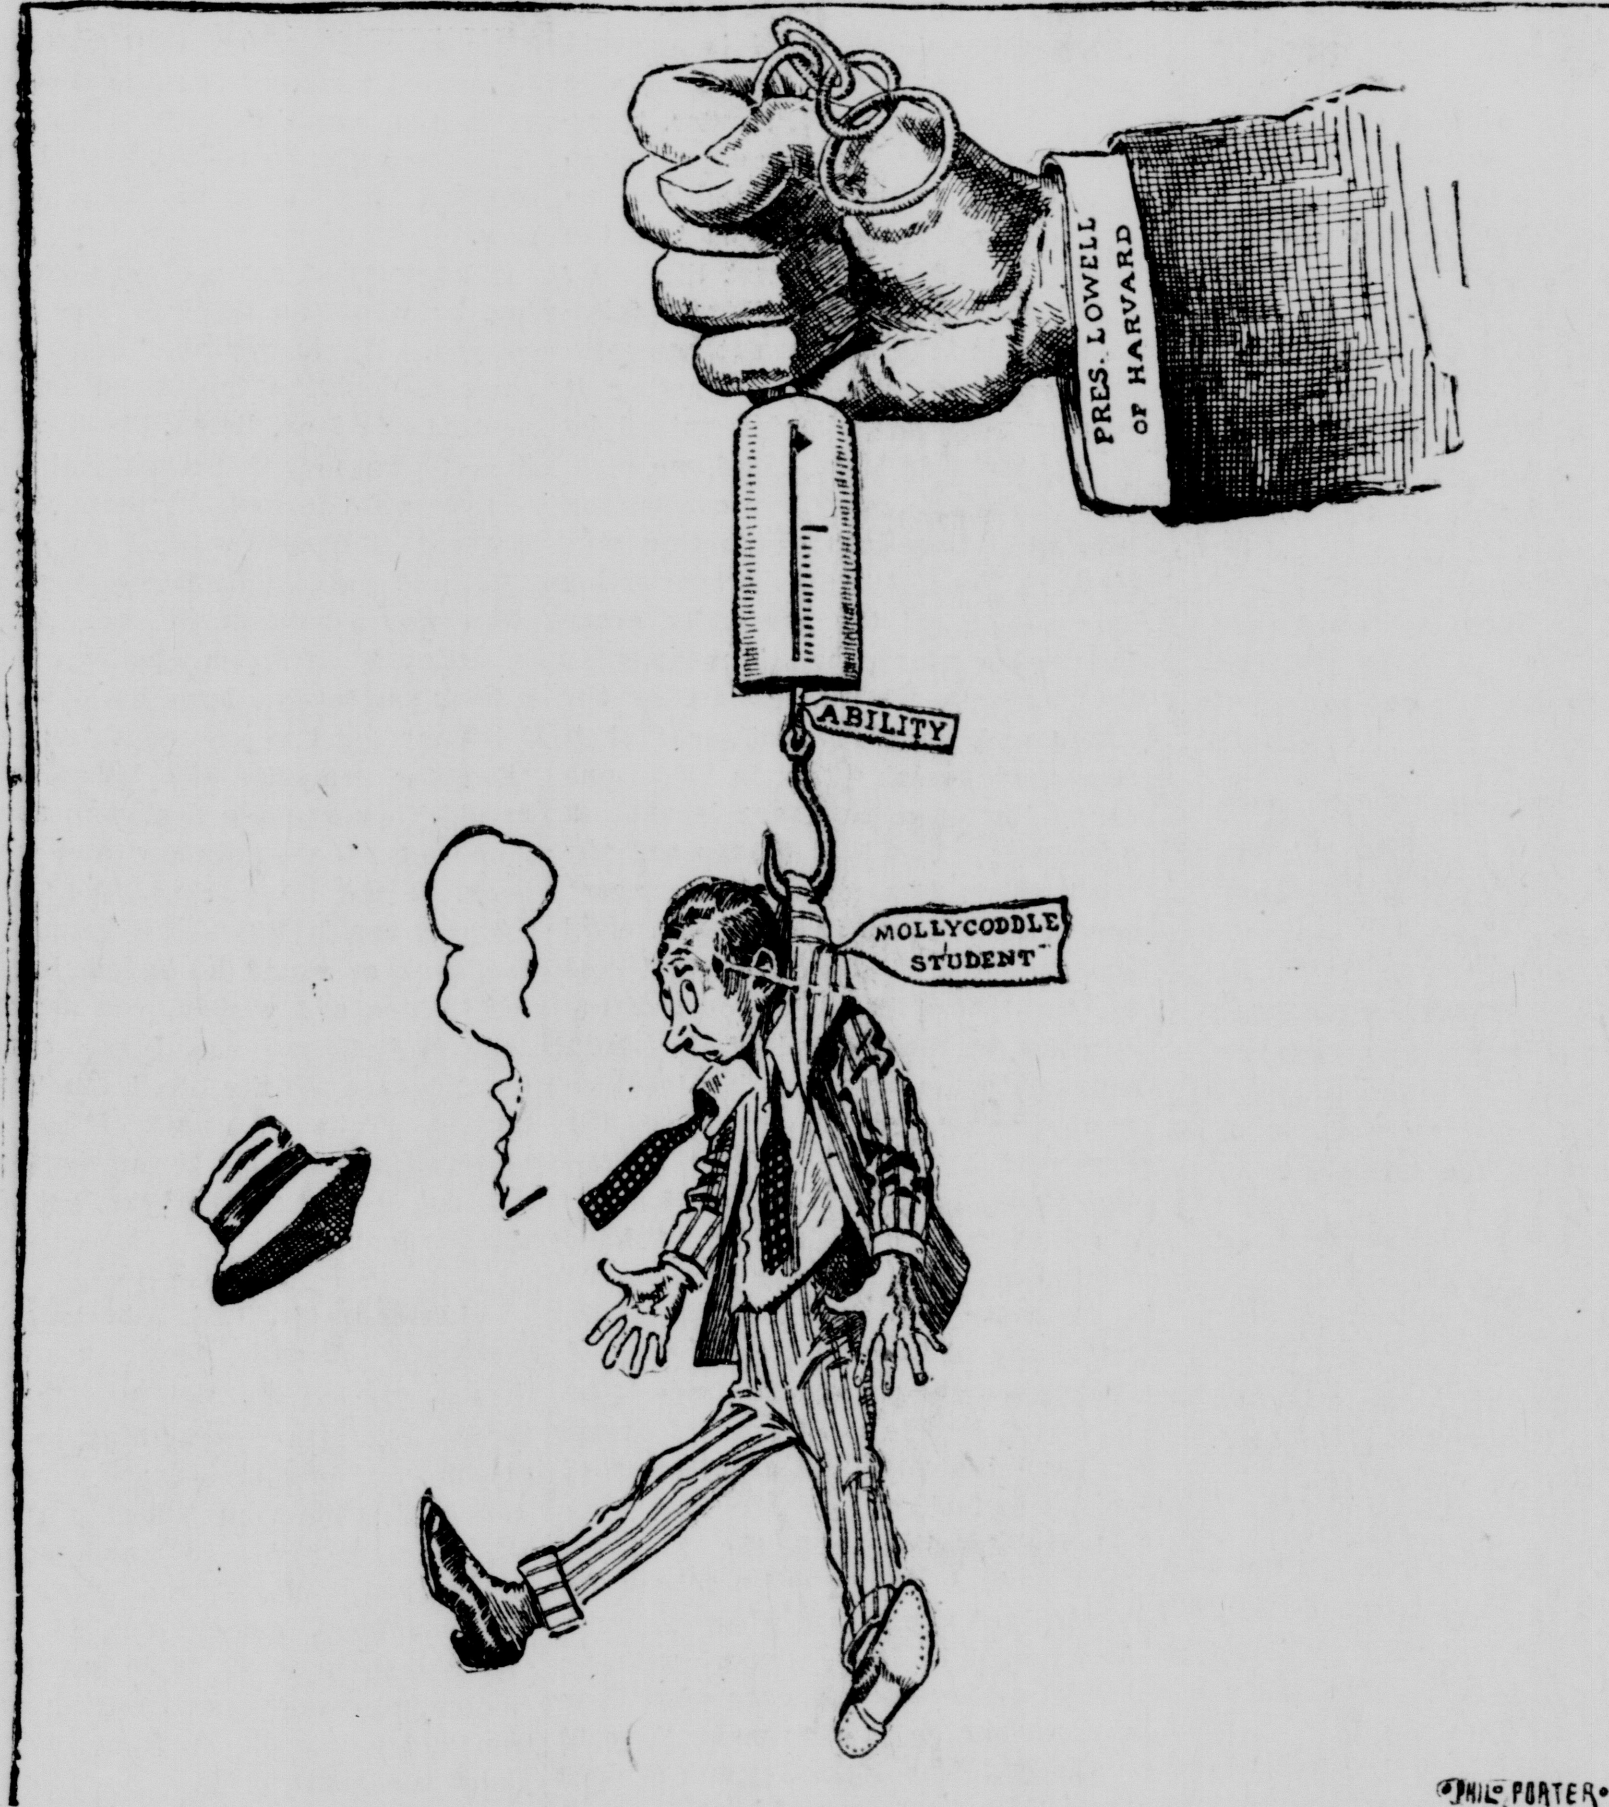

New Wire Chief Here.

Edward O. Williams, a lineman for the Home Telephone company, has been appointed wire chief, succeeding S. O. Vaughn, who leaves a week from tomorrow for St. Joseph to accept a better position. Fred Milley succeeds Mr. Williams.

Death of Mrs. Allen.

Mrs. Hiram Allen, residing in the western suburbs of Ottumwa, died Thursday, aged 70 years, and was buried in the Odd Fellows' cemetery at 2 o'clock this afternoon. She leaves her husband, three sisters and two brothers.

WEIGHED AND FOUND WANTING

T.O. STANLEY'S JOB

HE CAME HOME LAST MIDNIGHT, AFTER HAVING LANDED GOOD POSITION.

WILL LOCATE AN ELECTRIC LINE

Road That Is to Be Constructed From Kansas City to St. Louis—Party of Fifteen Will Enter Upon the Work Tuesday.

Thomas O. Stanley, ex-county surveyor, one of the most efficient civil engineers in this part of the state, returned at midnight last night from Kansas City, where, yesterday, he was tendered the position of lead of the locating party for the proposed electric railway between St. Louis and Kansas City.

The position, which Mr. Stanley accepted, is one of the best desired by any one in that line of work. A number of applicants were after the place, but Mr. Stanley was selected.

The party will consist of fifteen men, all of whom have been selected by the men interested financially in the new road. Mr. Stanley and his assistants will begin their active work next Tuesday.

The task will require one year's time, and the route selected by the party will be submitted to the promoters, and in all probability will be accepted. The duties of the locating party will be to select the most suitable route between the two cities, estimate the cost for the construction of the line and make their report to the owners.

The new line will do a passenger and freight business, and will be known as the Kansas City-St. Louis electric line.

The appointment of Mr. Stanley as the head of the locating party will be cheerfully read of by every acquaintance of the genial "Tom," whose ability in that line has never been questioned.

GUESTS PLAYED EUCHER

Sacred Heart Ladies at Home to Friends Last Night.

The ladies of Sacred Heart church gave a well attended and thoroughly enjoyable progressive euchre at the school hall on West Third street Thursday night, twenty tables of play-

ers and a large number of onlookers being present.

The first prize, a beautiful cut glass salad bowl, was won by Mrs. John Welch, while the second prize, a china vase, went to Mike McAllister. The third prize, a pretty picture, went to Charles J. Rost, a Missouri Pacific machinist, and the consolation prize, also a picture, went to Miss Eugenia Cline.

The hall was prettily decorated with flowers and plants and at a late hour refreshments of ice cream and cake were served.

"Scoop" a Little Premature.

Mrs. W. M. Odell will give a parcel shower at her home, 1401 West Third street, tomorrow (Saturday) afternoon in compliment to Miss Myrtle Higgins, who is to be wedded to Louis Buckley the latter part of the month. The announcement in this morning's Capital that the shower had been given last night was premature.

OPEN HOUSE HERE

UNITED STATES CREDIT CLOTHING COMPANY ABOUT THE FIRST OF JANUARY.

THE PRESIDENT HERE FOR 2 DAYS

Left at 4:30 O'clock Last Afternoon for St. Louis, Leaving Mr. W. H. Highleyman to Perfect All Arrangements.

E. B. Heller, of St. Louis, president of the United States Credit Clothing company, a corporation owning two stores at St. Louis, one at Springfield, Mo., and one at Rockford, Ill., who has been in Sedalia for the past two days seeking a location for the establishment of a store in Sedalia, left for home at 4:30 o'clock Thursday afternoon.

While here Mr. Heller, assisted by W. H. Highleyman, of the Highleyman real estate agency, perfected all plans for the establishment of a local business on or about January 1, next.

The exact location is not known at present, but Mr. Heller's agent, Mr. Highleyman, is attending to that matter, and will probably complete arrangements tomorrow.

The new firm is one of the largest in St. Louis, is well financed, and does strictly a credit business.

CHRISTMAS DANCE

IT IS TO BE GIVEN BY THE PHI LAMBDA EPSILON FRATERNITY BOYS.

MONDAY NIGHT, DEC. 27, DATE

Hiner's Orchestra, Kansas City, Has Been Engaged to Furnish the Music—It Will Be a Society Event.

The alumni of the Phi Lambda Epsilon fraternity is preparing for the annual Christmas ball to be given in this city on Monday night, December 27, in all probability at the Sedalia hall on East Fifth street.

A meeting of the committee on arrangements will be held next Sunday, at which preliminary plans will be perfected.

H. B. Scott is chairman of the committee, William Curran is assistant, Dalby and Wallace May comprise the other members.

Hiner's orchestra, of Kansas City, has been engaged to furnish the music, and invitations will be issued to those whose attendance is desired.

The intention of the fraternity boys is to make this year's ball the crowning event of the kind in the history of the fraternity.

SCHOOL OF INSTRUCTION

Fifty Insurance Men Are Attending Meeting Here Today.

M. L. Barrett, ordinary instructor for the Prudential Life Insurance company, with headquarters at Newark, N. J., arrived here this morning, and today is holding a school of instruction for company men of this district at the company's local offices.

Fifty Prudential men are attending the session, representing Sedalia, Jefferson City, Marshall, Mexico, Booneville, Warrensburg, Moberly and other towns.

LOOKING FOR MR. ASTOR

Government Stations and Ships Ordered to Watch for Millionaire.

Washington, Nov. 19.—All government stations and revenue cutters in the West Indies have been instructed by wireless to aid in the search for

the private yacht of Col. John Jacob Astor, which has not been heard from since it left Kingston last week the day before the hurricane.

Sedalia Man Is There.

A Columbia dispatch of the 19th, as follows, is of local interest:

"Arthur B. Irwin, a former Yale player, is assisting in peppering the Tiger line. He arrived here this afternoon from Sedalia, where he is district manager of the Bell Telephone company."

A Hanging in Oklahoma.

Perry, Ok., Nov. 19.—Henry Armstrong was hanged here today for the murder of Isaac Fell. He made no statement. His neck was broken and he died in a few moments.

HAD A GOOD SALE

A. L. ILLIAS, OF HUGHESVILLE, DISPOSED OF A LOT OF LIVE STOCK.

SAID FAIR PRICES WERE REALIZED

The Ladies of the Christian Church at Hughesville Served Dinner on the Grounds and Realized Good Sum.

A. L. Illias, of Hughesville, held a well attended stock sale on his farm Thursday, good prices being realized from everything sold.

Among the sales of the day were these:

Pair of mules, \$380, John Harris, Houstonia.

Mule, \$159, H. Jenney, Hughesville. Gray mare, \$70, and yearling mule, \$103, J. Chamberlain, Hughesville.

Cow, \$38.50, J. S. Ford, Sedalia. Cow, \$46, J. A. Thomas, Georgetown.

Cow, \$37, John Bulger, Hughesville. Two cows, \$65, Jeff Downs, Lamonte.

Cow, \$60, Charles McEniry, Sedalia. The ladies of the Hughesville Christian church served dinner on the grounds, and realized a very neat sum for their efforts in serving a splendid meal.

The prize, a pair of silk hose, went to Miss Eula Harris. Late in the afternoon the guests dined at the Flower-Barnett tea room, where refreshments of chicken salad, hot rolls, olives, coffee and ice cream were served.

Mrs. H. L. Cannon will entertain the club next week at her home, on West Fifth street.

THE ADAGIO CLUB MEET

It Was Entertained by Mrs. Knight Yesterday Afternoon.

Mrs. Horace Knight very pleasantly entertained the members of the Adagio club at her apartments at the Antlers hotel Thursday afternoon, twelve club members attending.

The prize, a pair of silk hose, went to Miss Eula Harris. Late in the afternoon the guests dined at the Flower-Barnett tea room, where refreshments of chicken salad, hot rolls, olives, coffee and ice cream were served.

Mrs. H. L. Cannon will entertain the club next week at her home, on West Fifth street.

WRITES WIFE IS BETTER

Letter Received From Mr. Blochberger Yesterday Afternoon.

Fred W. Buske, of the firm of Blochberger & Buske, received a letter Thursday afternoon from Mr. Blochberger, who is at Carlsbad, N. M., with his wife, stating that Mrs. Blochberger had shown signs of slight improvement the past few days and the attending physician now holds out hope for her recovery.

Mr. Blochberger stated that by season of that fact he will remain a while longer, and at the time of writing he did not know when he would be home.

DEATH OF AN INFANT

Interment in Crown Hill Cemetery This Afternoon.

Little Viola May North, an infant daughter of Mr. and Mrs. J. D. North, the former a foreman for the Sedalia Light and Traction company, died at her parents' home, Twenty-second street and Marvin avenue, at 12:20 o'clock this morning.

Funeral services were conducted at the family residence at 3 o'clock this afternoon and burial was made in Crown Hill cemetery.

The child had been sickly since birth, less than a month ago.

THE "EAGLES" MET

SEDALIA AERIE NO. 601 MADE THEIR NOMINATIONS LAST NIGHT.

ELECTIONS BE HELD NEXT MONTH

W. E. Staley, J. M. Brown and Dr. E. F. Staats Appointed a Committee to Investigate New Appliances for Initiatory Work.

The nominations of officers of Sedalia aerie No. 601, Fraternal Order of Eagles, for the annual election to be held on the first meeting night in December, was held last night, resulting as follows:

Worthy president—Dr. E. F. Staats, Walter Ott and Tom Robb.

Vice president—Martin Busch and Senator Holmes Hall.

Chaplain—Ed Hall, Lon V. Ware, Dr. W. H. G. White.

Secretary—W. E. Staley and W. L. Brummett.

Treasurer—C. H. Ralffelsen and Lon V. Ware.

Inside guard—W. A. Blatterman and R. M. Fisher.

Outside guard—David Avansino and J. M. Brown.

Physician—Dr. E. F. Staats.

Trustees—J. B. Hamilton, J. M. Brown, A. L. Shortridge, Henry Blatterman, Charles Sheets, Charles Botz, W. W. Blain, Thomas Rose and Tom Robb.

W. E. Staley, J. M. Brown and Dr. E. F. Staats were appointed a committee to investigate appliances used in initiatory work with the new ritual.

PLEASED VERY MANY

"Babes in Toyland" the Best Musical Extravaganza Here This Season.

"Babes in Toyland" at Wood's theater last night was the very best musical show that has appeared in Sedalia this season, or last, for that matter.

The chorus was strong, both numerically and vocally, and had enough beauty to make a generally good average and to hold the fixed attention of the "front rowers" who were there in force.

The music, like all of Victor Herbert's, was light, catchy and tuneful, while Glen MacDonough's jingles really took one back to the "olden, golden days," when Mother Goose was the beginning and end of all childish joy.

There was much comedy, good and clean, graceful dancing and taking it altogether the extravaganza pleased every one of the large audience present.

A BLAZE IN A WAGON

Driven Hastily to a Watering Trough and the Fire Extinguished.

One of the most "thrilling" sights seen in Sedalia in years occurred on Second street this morning, thanks to Ball & Bosserman, the street sweepers and cleaners, whose driver of the city scavenger wagon furnished the sensation.

The scavenger was throwing trash into the wagon on East Second street, when he discovered a small blaze in the wagon. Turning his team, he drove the horses at break-neck speed across Ohio avenue to the city water trough at the market square, where the blaze was extinguished.

By the time the scavenger arrived at the market house the contents of the wagon was also ablaze, but little damage was done to the wagon.

THE HIGH SCHOOL RECORD

November Number Is Even Better Than September Issue.

The November number of the High School Record was issued today from the press of the Botz Printing Co. It consists of twenty-eight pages, with a clever showing in the way of advertising, and is a highly creditable publication in every respect.

The title page illustration is by Clarence Brill, and is a forcible reminder of Thanksgiving and turkey.

The paper is well written in every department, and the proof reading is an improvement on the initial number. The Democrat-Sentinel congratulates all connected with the Record on the splendid showing made.

THE TRIP A FAILURE.

If President Taft, who has returned
to Washington after his 13,000-mile
"sawing around the circle," did not
come back a sadder and wiser man
than he started out, it must be be-
cause of a lack of perception on his
part. It is patent to others, however
it may be to Mr. Taft, that his trip
was a failure. The 300 speeches
which he made have been without
avail. The west, instead of conver-
sion to the president's policy of non-
resistance and conciliation, stands
more opposed to Aldrichism and Can-
nonism than ever. The south, while
treating the president with punctil-
ious courtesy and warm hospitality,
is still the "solid south," as firmly en-
trenched in opposition to republican
policies and republican politicians as
ever.

President Taft returns to the White
House weaker than when he started
on his long trip, and with less of the
public's confidence. The republicans
of the west accepted him as the par-
ty's candidate last year and aided in
his election solely because they had
faith in the party platform promise of
an honest downward revision of the
tariff and the candidate's pledge that
the platform's promise would be
faithfully carried out. Instead of a
fulfillment of his pledges they have
witnessed the president's weak sur-
render to the malevolent forces in
congress that were working in the
interests of the entrenched trusts and
his later unblinking defense of Al-
drich in the very section where this
treachery had created the bitterest
resentment. They have seen Taft
whitewashing Ballinger, whose assis-
tance in the scheme to rob the nation
of a valuable part of the public do-
main is notorious. They have heard
the president's indorsement of Wall
street's currency policy. They have
witnessed with what docility he
stands without hitching in the har-
ness of the "Interests." They have
heard his excuses and his pleas for
"party solidarity." All his honeyed

words have fallen on unheeding ears.
Taft has not made good. The great
partisan fence-fixing trip—made at
the public expense—has been a colos-
sal failure.

A writer on advertising topics hits
a bullseye by saying: "Have you
ever considered an advertising cam-
paign from the standpoint of an in-
surance policy? You insure against
such contingencies as fire, shipping
disaster, dishonest employees, etc., as
a matter of course, but the moment
some one mentions advertising as a
business builder for your particular
benefit, you immediately begin to
'hedge' and vow that you can not
stand such an expensive luxury, etc.
Have you ever thought that you can
be insured against the greatest of
all commercial calamities—loss of
trade? Well, you can. This view of
advertising is already accepted by
many of the most successful business
houses. The day is past when the
progressive merchant wastes time in
discussing whether or not advertis-
ing pays. That the right kind of ad-
vertising pays has been so thorough-
ly and conclusively demonstrated
the wise business man now always
regards his advertising appropriation
as a fund for business insurance,
and would as soon think of dispens-
ing with insurance against fire as to
invite business disaster by lack of
advertising.

We should like to see Theodore
Roosevelt in the United States sen-
ate. It might enable the country to
get the real measure of the man.
Heretofore Mr. Roosevelt has had the
advantage of airing his views on ev-
ery subject under the sun, from race
suicide to nature faking, without hav-
ing someone talk back on equal
terms. In the senate it would be dif-
ferent. The ex-president would find
himself on an equal basis with men
every whit as brilliant as himself.
We imagine that a debate between
Mr. Roosevelt and Mr. LaFollette or
Ben Tillman or Mr. Bryan, if he is
ever set to the United States sen-
ate from Nebraska would be highly
interesting and that the former pres-
ident would find it an entirely dif-
ferent proposition than recruiting the
membership of the Ananias club from
the pedestal of the White House.

In the renewal of the attack upon
Secretary of the Interior Ballinger,
friends of that gentleman profess to
see clear evidences of a plot by
Roosevelt adherents in and out of
office to discredit the Taft adminis-
tration and to pave the way for the
nomination of Roosevelt in 1912. This
theory may be far-fetched, but there
is little doubt that the Roose-
velt worshippers are dissatisfied with
Taft, notwithstanding the president's
recent attempt to conciliate them by
laudations of his predecessor and re-
newed expressions of his intention to
"clinch" the Roosevelt policies. The
Rooseveltians feel that at heart Taft
has little genuine sympathy with
the ideas of their idol, and the re-
publican breach shows signs of wider
disruption rather than healing.

Robert E. Peary is in imminent
danger of being denounced from the
jungle as a nature faker. Here he
has gone and signed a contract for
magazine articles at \$1.20 a word,
while Bwana Tumbo only gets a
measly dollar.

Yes, it's true that advertising costs
money; but it's cheaper than going
out of business.

President Taft may have hoped to

the benefit I have received from the
Cardui Home Treatment.

"Last year I suffered untold misery
and my husband tried doctors and all
kinds of medicines, but I must tell
you I would have been in my grave,
if it had not been for Cardui.

"I was so weak last summer, my
husband had to lift me up and down
all the time and I did not weigh 90
pounds.

"Since taking three bottles of Car-
dui I weigh 160 pounds. It worked
like a charm. I will never be with-
out it any more. Every woman ought
to keep it."

Every woman would always keep
Cardui handy for use, if she knew
what quick benefit it gave, in cases
where weakened vitality makes the
body and brain seem tired and worn-
out.

A few doses of Cardui, at the right
time, will save many a big doctor's
bill, by preventing a serious sickness.

After exposure to cold or wet,
after over-work, grief, or anything
that weakens the vital forces, a few
doses of Cardui will bring back your
strength and prevent the ill effects
that are otherwise nearly sure to
come.

THE YOUNG PEOPLE

(Continued from Page 1).

will it take the most gifted man or
woman to sink in such a world as
that? Come to Chicago. I can go
to the lowest dives and pick you out
men who were once physicians, law-
yers, congressmen, college professors,
leading business men and even minis-
ters of the gospel, but now living with
thugs, whom-mongers and everything
that is vile and bad. How did they
get there? They began to sink.

One thing more. Hell is a world
without hope. There are men who
tell you that the word, alonios, trans-
lated "everlasting" never means ever-
lasting; but when they tell you so
they either have not looked into the
matter—which is the most likely—or
else they tell you a deliberate false-
hood. It is true it does not neces-
sarily mean everlasting. Whether it
does or not has to be determined by
the context. In Matt. 25:46, we read,
"These shall go away into everlasting
life, and these into everlasting pun-
ishment," and if it means everlasting
in one part of the verse, by every
known law of exegesis it must mean
the same in the other part of the
verse, and nobody questions that it
does mean everlasting in the one
case. Furthermore, there is another
expression, "Eis tous aionas ton aion"
(Unto the ages of the ages) used
twelve times in one book, eight
times of the existence of God and
the duration of His reign, once of the
duration of the blessed of the right-
eous and in every remaining instance
of the punishment of the beast, the
false prophet and the impenitent—
the strongest known expression for
absolute endlessness. Men, I have
hunted my Bible through for one ray
of hope for men that die impenitent,
just a ray of hope that can be called
such when the passage is properly in-
terpreted by the right laws of exeg-
esis, and I have failed after years of
search to find one.

I am familiar with the passages
men quote, but they will not bear the
burden put upon them when carefully
interpreted in their context with an
honest attempt to discover what they
really mean, and not to make them fit
a theory. The New Testament does
not hold out one ray of hope for men
and women who die without Christ.
Any one who does, dares to do what
God has not done. "For ever and ever
is the never-ceasing wail of that rest-
less sea of fire." Such is hell, a place
of bodily anguish, a place of agony of
conscience, a place of insatiable tor-
ment and desire, a place of evil com-
panionship, a place of shame, a place

without hope. Who would not escape
it? How can we escape it? That
may be answered in a word.

There is but one way to escape hell,
that is, by the acceptance of Jesus
Christ as your personal Savior, sur-
render to Him as your Lord and Mas-
ter, open confession of Him before
the world, and a life of obedience
demonstrating your faith. So the
whole question is this, Will you ac-
cept Christ tonight? Men and women,
hell is too awful to risk it for a year,
it is too awful to risk it for a month,
it is too awful to risk it for a day,
it is too awful to risk it for a day.
Your eternal destiny and mine may
be settled inside of twenty-four hours.
It is too awful to risk it an hour,
it is too awful to risk it until I have
finished my sermon. Take Christ
now.

I know what some of you are say-
ing, or what the devil is whispering
to you. He is saying, "Don't be a
coward, don't be frightened into re-
pentance." Men, listen. Is it cowar-
dice to be moved by rational fear?
Is it heroism to rush into unnecessary
danger? Suppose when I go out of
this building tonight I looked up and
there was a building on fire. A man
is sitting at an upper window reading
a book carelessly. I see his peril, and
I lift my hand to my mouth and say,
"Flee for your life, the house is on
fire." Then suppose that man should
lean out of the window and shout
back, "I am no coward. You can't
frighten me." Would he be playing
the hero, or would he be playing the
fool? Men and women, you are in a
doomed building, and I cry out to
you, "Escape for thy life. Take Christ
tonight. Take Him now. If you are
reasonable you will. If you don't you
will not be playing the hero, but play-
ing the fool.

Letter to Mr. T. J. Albertson,
Sedalia, Mo.

Dear Sir: Let's talk it right out
before folks; there's nothing to hide
in your business or ours; if there is,
we'd better hide ourselves.

We are in trade to make money;
so are you. We make it by saving
our customers' money; so do you.
Our object, in trade, is to save your
customers' wood from rotting and
iron and steel and tin from rusting;
yours the same.

We work for thousands of property
owners; you for a few. We can do
some things that you can't do; we
have the facilities; You can do
some things that we can't; you are
there. Let us work together; be
faithful to one another. We can
serve our customers better by work-
ing together and being faithful to
one another.

Your dollar, put into our paint, will
paint more feet than in any other
way; and the paint will last longer.
This saves you money, and saves
your customers' money. That's all
there is in our whole business.

Yours truly, F. W. Devoe & Co.

A SEDALIAN PROMOTED

Fred Holmesly Has Been Engaged in Railroad Work in Mexico.

Mr. and Mrs. W. S. Holmesly, 900 South Vermont avenue, today received a letter announcing the promotion of their son, Fred Holmesly, from the position of chief clerk for the Mexican Central railway at Aguascalientes, Mexico, to a clerical position in railroad work at El Paso, Texas.

Further details were not given in the missive.

Mr. Holmesly is a Sedalia boy, and for a number of years was employed in clerical work at the M. K. & T. shops in this city. Attentiveness to duty and conscientious work resulted in his advancement until the time he left here, when he was chief clerk for the master carbuilder.

The Photometer is Installed.

G. W. Wallace, representing the Laclede Gas company, of St. Louis, who has been in Sedalia for the past week installing a photometer for the Sedalia Light and Traction company, completed the task Thursday afternoon and will return home tonight.

A Splendid Statement.

The Sedalia National bank has a very creditable report of its financial affairs in this issue of the Democrat-Sentinel. The statement is issued at the call of the comptroller of the currency to all national banks showing their condition at the close of business November 16. The Sedalia's report is especially good and the state-

RELIEVES BAD STOMACH

HEARTBURN, GAS, DYSPEPSIA,
HEADACHE AND OTHER
MISERY VANISHES.

A CURE WAITING FOR ANY SUFFERER

Out-of-Order Stomachs Feel Fine Five
Minutes After Taking a Little
Diapiesin Which, Though
Harmless, Is Always
Effective.

If your meals don't fit comfortably, or you feel bloated after eating and you believe it is the food which fills you; if what little you eat lies like a lump of lead on your stomach; if there is difficulty in breathing after eating, eructations of sour, undigested food and acid, heartburn, brash or a belching of gas, you can make up your mind that you need something to stop food fermentation and cure indigestion.

To make every bite of food you eat aid in the nourishment and strength of your body, you must rid your stomach of poisons, excessive acid and stomach gas which sours your entire meal—interferes with digestion and causes so many sufferers of dyspepsia, sick headache, biliousness, constipation, griping, etc. Your case is no different—you are a stomach sufferer, though you may call it by some other name; your real and only trouble is that which you eat does not digest, but quickly ferments and sours, producing almost any unhealthy condition.

A case of Pape's Diapiesin will cost 50 cents at any pharmacy here, and will convince any stomach sufferer five minutes after taking a single dose that fermentation and sour stomach is causing the misery of indigestion.

No matter if you call your trouble catarrh of the stomach, nervousness or gastritis, or by any other name—always remember that a certain cure is waiting at any drug store the moment you decide to begin its use.

Pape's Diapiesin will regulate any out of order stomach in five minutes, and digest promptly, without any fuss or discomfort, all of any kind of food you eat.

Will Stick to Dad.

BODIES ARE RECOVERED

Grief-Stricken Relatives of Dead Miners Identify Blackened Corpses.

Cherry, Ill., Nov. 19.—The grim finale of the St. Paul mine tragedy, the recovery and identification of the dead, began today. Miners, soldiers and firemen from Chicago, working all night, brought the fire under control, and today body after body was carried from the mine and placed in rows on the ground, where grief-stricken men, women and children formed a great circle about them, seeking their dead.

The first body identified was that of "Dickie" Buckles, a stable boy. There were many sad sights as the wives and children recognized husbands and fathers in the blackened features of the bodies in the long row.

The body of George McMullin was found clasping the body of a little boy in his arms where he fell in trying to save the life of the son of a friend.

RETURNED LAST EVENING AND
REPORT HAVING HAD
GREAT LUCK.

LON V. WARE KILLED A RABBIT

Dwight J. Blanchard Came in on the
Afternoon Train From a Ten
Days' Pilgrimage in Wilds
of Benton County.

County Treasurer Lon V. Ware, John A. Collins, jr., and Horace Sullivan returned at 7 o'clock last evening from a day's hunting expedition several miles southeast of Sedalia.

During the day they killed seven quail, four rabbits, and, according to reports, several other kinds of game, some of which they did not take the trouble to bring home.

At the noon hour the hunters were served a sumptuous country dinner at the home of Charles Rymer, the hospitality of the host and hostess being most pleasant and long to be remembered.

Mr. and Mrs. D. J. Blanchard, the former an artist in the tonsorial shop of L. E. Johnson, who have been enjoying a ten days' hunt south of Warsaw, also returned last evening. "Dwight" reports great success, and he has "Al" Baumgartner to vouch for his statement, but if "Al's" word is doubted, then Grant Galbraith will furnish the necessary affidavit.

ATTORNEY GENERAL SPEAKS

At Kansas City He Says Sugar Robbers Will Be Punished.

Kansas City, Mo., Nov. 19.—Attorney General Wickersham, who will speak at the banquet of the Commercial club in this city tonight, arrived today. In discussing the frauds in the customs service in connection with the weighing of sugar he said, "We are going to recover as far as possible all the back duties due the government and we are going to ascertain who were guilty of the frauds and punish them."

AWAITING EXPLANATIONS

State Department Wants Nicaragua's Reasons for Executions.

Washington, Nov. 19.—The state department has adopted an attitude of reserve in connection with the execution of two Americans, Cannon and Grace, in Nicaragua, and awaits an explanation from the Nicaraguan government.

The press dispatches say that the men were executed for attempting to blow up some government transports. Everything probably depends on the method used in this work. If they slipped within the lines of the government forces they might be regarded as spies, but if they did the work openly it probably will be held that they should have been treated as prisoners of war.

Indications seem to point today to the recognition by the United States government of the belligerency of the revolutionist government in Nicaragua, under General Estrada, and it is not improbable that a public declaration to that effect will be made in the near future.

THE PEOPLE ALL

In Chorus Cried, Give Us Newbro's Herpicide.

This word of late has been in everyone's mouth, and many are wondering what the word signifies, though no one has been found who will deny that NEWBRO'S HERPICIDE does the work. Well, for the information of thousands of people who like to know all about a good thing, we would say that HERPICIDE means a destroyer or killer of "Herpes." Now "Herpes" is the family name of a disease caused by various vegetable parasites. A similar microbe causes dandruff, itching scalp, and falling hair; this is the microbe that NEWBRO'S HERPICIDE promptly destroys; after which the hair grows. Sold by leading druggists. A Beautiful Gift.

Miss Dacil Fields, of Eighteenth and Barrett, is the proud possessor of a beautiful piano, a Remington, purchased of the Jesse French Piano Co., by her mother as a birthday present.

Will Give a Pie Supper.

Miss Nona McCurdy, teacher of Walnut Grove school, five miles north of Sedalia, will give a pie supper for the scholars of her school next Wednesday night.

SNUB FOR MR. TAFT

BAPTISTS DECIDED NOT TO EXTEND HIM AN INVITATION TO SPEAK.

TO TALK TO DEEP WATER CROWD

Later, Will Be Taken to Cape Henry, Where a Genuine Old Virginia Oyster Roast Will Be Served to 1,000 Guests.

Norfolk, Va., Nov. 19.—President Taft arrived here today to address the convention of the Atlantic Deep Waterways association. He was given an enthusiastic ovation by the thousands of Virginians gathered to do honor to the chief executive. The ceremonies of the day included a parade of sailors, soldiers, militia, school children and civic organizations. It was at one time intended to invite the president to address the Virginia Baptist convention at Portsmouth during his visit here, but the ministers decided not to extend the invitation on account of Mr. Taft's Unitarian principles.

After the parade the president will be taken to Cape Henry, where a genuine old Virginia oyster roast will be served for 1,000 guests.

The menu will consist principally of the famous Lynnhaven oysters, grown within a few miles of Cape Henry, but will include Smithfield ham, Princess Anne turkey, which is classed with the celebrated Rhode Island bird, and that most famous of all game birds, Chesapeake bay canvasback duck.

In the evening the president will be the guest of honor at a smoker given by the waterways association to the visiting men, including practically the entire active membership of the Gridiron club, of Washington, and the Five O'clock club, of Philadelphia.

Parisian Sage, the Hair Grower, Is Now Sold in America on Money Back Plan.

It's a mighty good thing for the women of America that Parisian Sage can now be obtained in every town of consequence.

No preparation for the hair has done so much to stop falling hair and eradicate dandruff and make women's hair beautiful as Parisian Sage.

Parisian Sage is the only certain destroyer of the dandruff microbe which is the cause of 97 per cent of hair troubles.

These pernicious, persistent and destructive little devils thrive on the ordinary hair tonics.

Parisian Sage is such an extraordinary and quick acting rejuvenator that W. E. Bard Drug Co., who are the agent in Sedalia, guarantees it to cure dandruff, stop falling hair and itching scalp in two weeks or money back.

Parisian Sage is most daintily perfumed, it is an ideal preparation, not sticky or greasy.

It is a magnificent dressing for women who desire luxuriant, lustrous hair that compels admiration.

And a large bottle of Parisian Sage costs only 50 cents at W. E. Bard Drug Co., and at leading druggists all over America. The girl with the Auburn hair is on every package. Made in America by Groux Mfg. Co., Buffalo, N. Y., who fill mail orders, all charges prepaid.

AMUSEMENTS
Paul M. Potter, who rose to international fame through his authorship of "Tribly," was paid more royalties on "The Girl From Rector's" last season than was received by any other playwright in New York for a single work. The piece opened at Weber's Music Hall early in January and continued an uninterrupted run of seven months, brought a close only then because contracts for road appearances had been made previously.

The receipts at the famous music hall grew from the opening evening and night after night the records established by Weber and Fields at the height of their success were repeatedly shattered.

"The Girl From Rector's" will be seen at Wood's opera house Sunday night, November 21.

JOHN PECK NOW 90

THE LEARNED BLACKSMITH OF NAPLES IS CELEBRATING ANNIVERSARY.

AN ATHEIST AND FREE THINKER

Began Life as a School Teacher and Became One of the Most Radical of Abolitionists in the Days of Slavery.

Naples, N. Y., Nov. 19.—John Peck, the "learned blacksmith" of Naples, is today celebrating his ninetieth birthday, and is receiving the congratulations of not only his friends and neighbors, but of admirers in all parts of the country.

The felicitations of many of his friends have taken a substantial form, as the aged blacksmith-scholar is now in almost destitute circumstances.

Mr. Peck is famed throughout the world as an atheist and free thinker, and is the author of many magazine articles and books defending his anti-religious theories.

Some of these have been translated into other languages and have attained a wide circulation.

He began life as a school teacher, and became one of the most radical of the abolitionists in the days when slavery was an issue. He was a student and a lecturer on astronomy for many years.

Of late years he has worked at the blacksmith trade, and in his lectures has forged arguments against what he terms the "Christian superstition."

He is celebrating his birthday by reading letters from free-thinkers in all parts of the world.

FELL FROM HEAVEN

CREATING GREAT EXCITEMENT IN HIS NEIGHBORHOOD.

(From the Bloomington, Ind., Daily Telephone)

Mr. Martin Vanwick drove sixteen miles to town this morning to get three bottles of Root Juice. He said: "The remedy has done wonders at my house and everybody in my neighborhood is excited over it. If it had fallen from heaven it could not be any better. I wouldn't take a fortune for what it has done for my wife. Before taking Root Juice she was in bed and everyone thought her case was hopeless. Even water would sour on her stomach and gas would form and press up against her heart so that it would almost stop beating. Her tongue was badly coated and she would complain of a bitter, then a sour taste in her mouth. Sometimes her bowels would be running off and at other times she was badly constipated. The doctors said that her stomach, liver, kidneys and bowels were all badly diseased. When I got the first bottle of Root Juice she was reduced to a mere skeleton, and we feared that she couldn't take it, as no medicine we had tried lately would lay on her stomach, but the first dose of the juice seemed to soothe her stomach and do her good. She has used hardly two bottles, but is now out of bed and is rapidly recovering strength, flesh and health. The number of people that are going to Wilcox's drug store to inquire about the remedy is increasing daily, as so many of those who are using it are praising it very highly to their friends. It is sold for \$1 a bottle or three bottles for \$2.50. Many are buying three bottles at a time in order to save fifty cents.

WELCOME WORDS TO WOMEN
Women who suffer with disorders peculiar to their sex should write to Dr. Pierce and receive free the advice of a physician of over 40 years' experience—a skilled and successful specialist in the diseases of women. Every letter of this sort has the most careful consideration and is regarded as sacredly confidential. Many sensitively modest women write fully to Dr. Pierce what they would shrink from telling to their local physician. The local physician is pretty sure to say that he cannot do anything without "an examination." Dr. Pierce holds that these distasteful examinations are generally needless, and that no woman, except in rare cases, should submit to them.

Dr. Pierce's treatment will cure you right in the privacy of your own home. His "Favorite Prescription" has cured hundreds of thousands, some of them the worst of cases.

It is the only medicine of its kind that is the product of a regularly graduated physician. The only one good enough that its makers dare to print its every ingredient on its outside wrapper. There's no secrecy. It will bear examination. No alcohol and no habit-forming drugs are found in it. Some unscrupulous medicine dealers may offer you a substitute. Don't take it. Don't trifle with your health. Write to World's Dispensary Medical Association, Dr. R. V. Pierce, President, Buffalo, N. Y.,—take the advice received and be well.

FROZE SOLID DURING NIGHT

Rushing Mountain Torrent Silenced in a Few Hours by the Intense Cold.

Running water is usually the last thing to freeze solid, and when it does so, the cold must be extreme. J. Claude White, in the Wide World Magazine, gives the following description of this very rare occurrence—the freezing of a mountain torrent in a single night.

The phenomenon was one that I have never before experienced—a running river frozen solid in a night! When we arrived the waters of this stream, tumbling over the great boulders and rushing through the tortuous channels, made a deafening roar. Gradually, but almost perceptibly, the tumult decreased, while, worn out after a hard day, we fell asleep.

A few hours later, when we awoke, a deathly silence prevailed, and on looking out, to my intense surprise, I found that the rushing torrent of the previous night had been transformed into a solid mass of ice! In this region of extreme temperatures I had on other occasions seen torrents frozen, but never under such startling conditions.

On looking round, we found that everything we possessed was also frozen solid, including our saddle of mutton, which was merely a block of ice. We were ravenous, but we got no satisfaction from gnawing lumps of rock which ought to have been a succulent joint, and so, despite our hunger, we had to content ourselves with a little tea—to make which we melted ice—and a few biscuits.

EXAMPLE OF PERFECT FAITH

Mexican Lover Believed Sweetheart's Story Before Evidence of His Own Eyes.

For the past week the physicians in charge of one of the sanitariums here have been dealing with one of the most puzzling and obstinate cases of eye trouble ever brought to their notice, declares a Puebla (Mexico) correspondent. Their suspicion that the subject was nothing the matter with his eyes was confirmed today by a naive confession made by the patient.

The man's name is Estanislao Ruiz. He stated that he lives at Chotupla and shortly before coming here he was shocked one evening, upon passing the house of his novia, to see her kissing a very dandy dressed stranger through the bars of a window.

Fearing that he might cause a scandal by interfering, he retired quietly, and later in the evening returned to speak to the young lady about it. She denied the matter emphatically.

"But I saw you with my own eyes," he maintained.

"Do you believe your dulce or do you believe your eyes?" she demanded triumphantly.

"I believe my dulce," he answered. There was a hearty embrace and he came here immediately to have his eyes treated.

THE TICKETS RAN OUT

Fourteen Hundred Sold at Columbia in One Day.

Columbia, Mo., Nov. 19.—More than 1400 tickets were sold in Columbia Wednesday for the Thanksgiving day game in Kansas City. This is more than four times the number sold here last year.

The supply of tickets brought to Columbia by Dr. W. J. Monilaw, manager of athletics, was exhausted at 4 o'clock Wednesday afternoon, and still the demand continues.

Dr. Monilaw, who has returned to Kansas City, telegraphed yesterday that he would send 500 more tickets by express to Columbia immediately. These will be put on sale as soon as they arrive.

MARRIED LAST NIGHT

Mr. George W. Crisp and Miss Minnie E. Burks by Elder Giddens.

George W. Crisp, a Missouri Pacific shop employe, and Miss Minnie E. Burks, daughter of the Rev. Samuel O. Burks, a Christian minister, were united in marriage at the home of the bride, 492 East Sixteenth street, at 7 o'clock last evening.

The ceremony, which was witnessed only by members of the Burks family, was solemnized by Elder John Giddens, a Christian minister.

The bridal couple will go to house-keeping here.

TWO DAYS SALE, TRIMMED HATS

A Liberal Offer by Mrs. Bayne, Milliner, for Friday and Saturday.

An offer that should appeal to the ladies of Sedalia is that made by Mrs. Bayne, the milliner at 406 Ohio street, on trimmed hats, Friday and Saturday. For these two days you may have your choice of any \$8.50 trimmed hat in the store for \$5.00; your choice of any \$5.00 trimmed hat for \$3.50, and your choice of \$3.50 trimmed hats for \$1.50.

These hats are from our regular stocks and are of the newest styles, in both shapes and trimmings. This offer is for two days only—Friday and Saturday, November 19 and 20.

DIVORCE SUIT FILED

Mrs. Rady B. Farris Makes Serious Charges in Petition.

Mrs. Rady B. Farris, through her attorney, J. H. Bowron, today instituted suit in the Pettis county circuit court for a decree of divorce from her husband, John N. Farris, to whom she was married in Adams county, Ill., on December 10, 1896.

The plaintiff alleges that while living with her husband as his wife he endeavored to have her lead a disreputable life, and on September 5, 1905, on which day she left him, he tried to kill her by cutting her throat.

FANCY WORK CLUB MET

At the Home of Mrs. S. B. Stanley Last Afternoon.

The first meeting following the close of the summer season of the members of the South Side Fancy Work club was held Thursday afternoon at the home of Mrs. S. B. Stanley, wife of the chief clerk at the Missouri Pacific railway shops, at her home, 1509 South Osage avenue.

There was a good attendance, and the time was pleasantly spent in doing fancy work, after which refreshments were served.

Mrs. Eddie Lyon will entertain the club next week.

Will Dedicate Tabernacle.

Joplin, Mo., Nov. 19.—District Judge Burgess, of Aneto, Ill., will deliver the dedicatory address at the tabernacle to be used for the Billy Sunday meetings which will be dedicated Sunday night. Judge Burgess is one of the Rev. Mr. Sunday's converts in Illinois. The judge was bitterly opposed to the meeting when it began, but was converted and has been one of his strong supporters ever since.

Services will be held in the various churches in the city in the morning for the last time until the big revival is over. Evangelist Sunday will open the meeting next Wednesday night.

RETURN OF A MINER

Mr. T. B. Ford Came in Last Night From New Mexico.

T. B. Ford, a former Sedalian, for the past three years engaged in mining at Hopewell, N. M., arrived here last night for a brief visit with old friends.

Mr. Ford has with him several samples of ore taken from two mines owned by him in that section. One of the mines is the "Red Fisher" and the other the "Florence."

Both are paying propositions, according to Mr. Ford, who expects to realize a fortune from his adventures.

TRUTH ABOUT CATARRH

Sensible Methods Will Cure It—W. E. Bard Drug Co. Guarantees Hyomei to Cure Catarrh.

Catarrh can never be cured by taking medicines into the stomach nor by sprays, atomizers or douches. Intelligent physicians have long ago discarded such ideas and not one of them would be worth considering were it not for the fact that unscrupulous persons prey upon the ignorance of the people in regard to new discoveries.

Catarrh is caused by germs and just as long as these germs thrive in the folds, crevices, nooks and corners of the mucous membrane that line the nose, throat and chest, just so long will you have catarrh.

There is only one way to cure catarrh, and that is to kill the germs.

There is only one remedy that will kill the germs when it gets where the germs are, and that is Hyomei.

Hyomei is made chiefly from Australian Eucalyptus and Eucalyptol combined with other germ killing antiseptics. Just breathe it in through the hard rubber inhaler that comes with each outfit and relief is immediate. Used regularly for a few weeks Hyomei (pronounced High-o-mei) will cure chronic catarrh. Complete outfit \$1.00 at W. E. Bard Drug Co., and leading druggists everywhere.

Who's Who and What?

Independence, Mo., Nov. 19.—Here is about as bad a mix-up of relations as was ever invented by a barker in front of a cheap show at a county fair and this story has the advantage of being true.

Frank L. Searcy, a retired farmer residing near Independence, has married his mother-in-law, Mrs. Susan E. Rogers. Mr. Searcy is 61 years old and this is the third time that he has tackled the matrimonial game.

His latest bride is 55 years old. He has two sons which make her a step-mother in addition to being a wife, mother, mother-in-law and a grandmother. The question has even been raised as to what relation the bridegroom is to himself.

NEWS OF THE RAIL

ROCK ISLAND DIRECTORS NOT PLEASED WITH RECENT M. K. & T. DEAL.

COACH, CAB AND CABOOSE ITEMS

Matters of Interest Picked Up From Various Sources for the Benefit of Democrat-Sentinel Readers.

At the meeting of the American Railway association in Chicago on Wednesday, which was attended by the highest officials in charge of operation, the report was widespread around that President Winchell, of the Rock Island, could not be present because he had been hurriedly summoned to New York by the directors.

Mr. Winchell had only left New York last Friday, and it was further more widespread that the dominating interests in the Rock Island Frisco property were not at all pleased with the Katy deal, and that they had intimated to Mr. Yoakum that the acquisition of that property by Mr. Hawley and himself as an individual investment was prejudicial to the Rock Island-Frisco interests and would tend to divert his attention from the best interests of the Rock Island-Frisco and its affairs.

Mr. Yoakum is said to have resented this and further friction ensued, resulting in a call for a special meeting of the board in New York.

Rumor has it that both Yoakum and Winchell have resigned their respective positions with the Rock Island.

A Fight on a Train.

There was quite a lively scuffle on passenger train No. 2 yesterday, just as it was getting ready to leave the depot, says the California Herald. The porter, "Red," got into a quarrel with two Sedalia negroes, Robert and Lucian Scott, who got on the train here, and several blows were exchanged.

The negroes got off the train and ran into town and were captured by Marshal Meyer on orders from Conductor Merrifield. Things were pretty lively about the train for a few minutes when it stopped just below the water tank.

The New Fast Train.

Effective Sunday, the Missouri Pacific special fast mail train which was placed in operation between St. Louis and Kansas City Tuesday, will make stops daily at Tower Grove, Jefferson City, Sedalia and Pleasant Hill.

Effective the same date, the train will carry passengers out of St. Louis. A cafe observation car and a day coach, with smoking compartment attached, will be added to the train.

The arrival time at Kansas City will be the same as now, 9:15 p. m.

The Track Is Very Bad.

John A. Knott and H. R. (Rube) Oglesby, railroad commissioners, were in Warsaw Saturday, inspecting the Warsaw branch from Sedalia, says the Warsaw Times.

It is pretty thoroughly understood that their report will be bad, and it is likely that the running time of trains on this line will be cut down on account of the dangerous track.

Slower trains will make connections at Sedalia very bad, but riding safer. The track from this place to Sedalia is very bad, and it is hoped the visit of the officials will bring about an improvement.

Missouri Pacific Earnings. The following railroad earnings are reported in a New York dispatch: Missouri Pacific—Second week of November, \$1,035,000; increase, \$105,000.

From July 1, \$20,250,417; increase, \$2,572,584.

Month of September, gross, \$4,663,828; increase, \$556,873; net, \$1,584,776; increase, \$206,050.

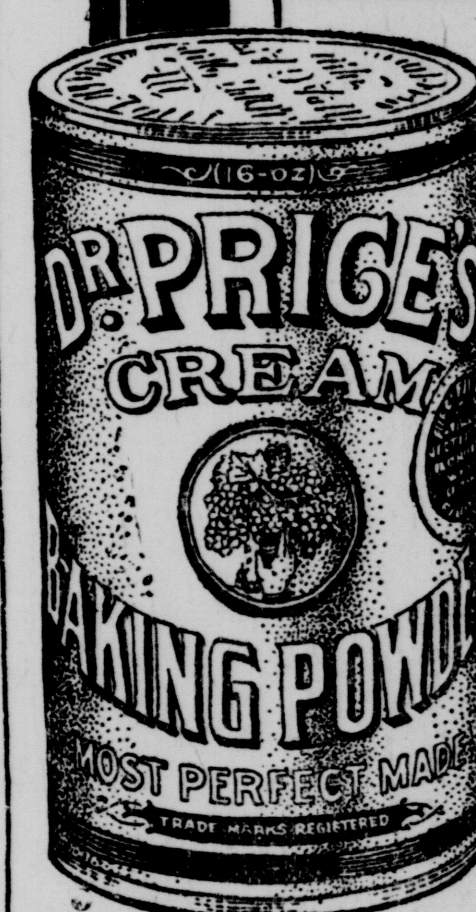

SALOON THOUGHT NO. 244.

Pettis county needs a new jail, and we must have it; as long as we are in the business of making criminals we must prepare a place for them to stay, just as a farmer must build corn cribs if he raises corn. Eight prisoners out of every ten that are sent to the Pettis county jail are sent there through liquor. And when you go down in your jeans and dig up \$10 to build a jail, remember that you are contributing \$8 to the saloon cause and \$2 to Pettis county. Pettis county DOES need a jail and we are ready to help pay our part of it, but we are conscious of the fact that for every \$100 we put into this fund, \$80 of it goes for the saloon cause.

Cancer Cured

Recent government statistics show that deaths from cancer is on the increase and bids fair to out-rank that most deadly of all diseases—consumption. Indeed, if all deep seated and internal obscure conditions that people die from were correctly chronicled, cancer might now head the list. That our New System of Treatment cures cancer without pain or cutting, we herewith submit absolute proof:

CANCER OF THE NOSE BEFORE TREATMENT.

Mr. A. D. Rowles

Mr. Rowles is an influential citizen of Ochiltree, Texas. He came to us on the 6th day of October, suffering with a cancer on the end of the nose, an exceedingly difficult place to treat any one; requiring great care, owing to the construction of the tissues. But we are pleased to say that his cancer yielded nicely to our new system of treatment and in a few days it came out and healed up inside of one month. Mr. Rowles came a long way to take our new cure for cancer, and we are pleased to say that he was not disappointed, and he feels very thankful for our great achievement.

MR. A. D. ROWLES.

Dr. Casto, Chief Physician of the Dr. Casto Medical Co., Sedalia, Mo.

I came over five hundred miles to be treated by you for cancer of the nose. I formerly resided in Cooper county, Mo., but am now a resident of Ochiltree, Texas. You are a master specialist of great skill and your new discovery for the cure of cancer is certainly a boon to mankind. It is a great pleasure and satisfaction for me to be able to recommend your treatment to all who are afflicted as I was, for you took my cancer out without pain or cutting and my nose has all healed up. Hoping this may be the means of acquainting some poor sufferer of your great work.

I am yours, most truly,

A. D. ROWLES, Ochiltree, Tex.

THE PHENOMENAL SUCCESS.

The phenomenal success and wonderful cures of cancer, tumors and malignant growths now being made by Dr. Casto, Chief Physician of the Dr. Casto Medical Co., has attracted wide attention. Patients come from other states to avail themselves of his services and after they take the treatment they gladly come forward and willingly announce the results for the benefit of others who may suffer. Come to us in time and you can be restored to health. Our charges are reasonable; our consultation free.

PLAY AND PLAYER

SOME OF THE BIG SUCCESSES
NOW SEEN ON THE STAGE
IN NEW YORK.

"SEVEN DAYS" SEEN AT THE ASTOR

Frank Daniels Is Drawing Crowds at
Daly's—Lew Fields' Is Getting
There at the Broadway With
"The Midnight Sons."

Special to the Democrat-Sentinel.
BY WILLIAM S. BREWER.

New York, Nov. 19.—Chronic first-nighters, to whom the missing of the initial production of a new drama is little short of tragedy are now heaving sighs of relief. The heavy work of the season is now over, and the new plays now happen along only once or twice a week. Earlier in the season there were hardly enough nights in the week to enable them to keep up with the procession.

"Seven Days" is the new offering at the Astor, which has been used for long run plays during the past two seasons, with but few new productions to interrupt the engagement of old successes.

This play is by Mary Roberts Rhinehart and Avery Hopwood. The former wrote "The Circular Staircase," and "The Man in Lower Ten," and Mr. Hopwood is joint author of the comedy "Clothes."

Its situations range from extreme farce to the delicate sentiment of refined comedy, and there is a pretty love interest throughout.

Besides these features, it has another rather original one in these days; it is perfectly clean and free from all suggestive situations.

The action transpires at the present time in a residence on Riverside Drive, and deals with a number of New York people of wealth and refinement, who, by a curious train of circumstances, are brought there to spend a week together.

There are three scenes, the first in the drawing room, where the trouble begins, the second in the kitchen which has a picturesque furnishing of Dutch blue tiling, and where the fun rises fast and furious, and the final scene on the roof, which is beautifully decorated and illuminated, and where the final destinies of all are satisfactorily settled.

"The Belle of Britain," with Frank Daniels as its star, is another new offering at Daly's. The musical comedy is a native of England. It is by Leedham Bantock and P. J. Barrow, with lyrics by Percy Greenbank and music by Howard Talbot and Marie Horne.

The piece is in two acts, the first showing the interior of the old mill in the Bois d'Amour, and the second the chateau of St. Gaultier, who, according to the plot, finds himself unable to pay a sum of money borrowed from Poquelin, a prosperous miller. The jolly marquis seeks to extricate himself from this difficulty by arranging a marriage.

In addition to Frank Daniels, the case includes Vinnie O'Connor, a well known English musical comedy player, now making her first American appearance; Miss Ryan, Frances Kennedy, Daisy Dumont, Frank Bushworth, George M. Graham, Edward Garvie, J. Arthur O'Brien, Martin Brown and many others familiar to metropolitan playgoers.

"The Harvest Moon" is in its second month at the Garrick theater, and is better attended than ever. The difference between the Augustus Thomas drama of ideas and the usual drama of ideas is that in Mr. Thomas' play topics of everyday interest are expounded by realistically illustrated action, in distinction to an inactive series of conversation in the ordinary library drama. George Nash, Adelaide Nowak, John Saville and Jennie Eustace divide among them the bulk of the action of "The Harvest Moon."

Frances Starr's long run in "The Easiest Way" is now in its last week at the Belasco Stuyvesant theater. It will go on tour to make room for David Belasco's new play, "The Lily," on the evening of December 23.

"Inconstant George" has crowded out of all consideration any other prospect for this year than John Drew as the happy, go-lucky, flirtatious, somewhat addle-pated but witty speaking George Bullin. Mr. Drew

will continue his season of indefinite length at the Empire theater until it comes time for him to yield the stage of the theater to Sir Charles Wyndham and Miss Mary Moore.

Lew Fields' mammoth production of "The Midnight Sons" at the Broadway theater continues to defy all opposition in the class of spectacular musical productions. In fact, the success of the piece has been so extraordinary that no rival manager has even ventured to attempt a production which would run the risk of comparison. To appreciate how magnificent this production is one must actually see it, for there has never been anything to which it can be compared for purposes of adequate description.

Bert Williams, that big, black, funny fellow, of the famous team of Williams and Walker, has captured New York theater-goers in his new starring vehicle, "Mr. Lode, of Kool," at the Majestic theater.

For the first time this season this playhouse on the Circle is really tenanted by a hit, and Williams, who for the first time is appearing alone, is given ample opportunity to appear to advantage.

While he is still the big, unwieldy negro, as in his former successes, his recent performances will prove a delight to lovers of good, clean comedy. "Mr. Lode, of Kool," gives Williams his opportunity, and he takes full advantage of it. This musical piece should remain in New York for the balance of the season.

Elsie Ferguson still continues at the Hackett theater in Channing Pollock's successful comedy, "Such a Little Queen." New York's newest star, by reason of her extremely clever delineation of the winsome little heroine in this play, and is rapidly enlarging her circle of friends and admirers, as is evidenced by the activity of the box office at the Hackett theater. Unquestionably the star in this play is one of the treats of the current season.

GOULD GETS BUSY

WILL NOW "PUSH" MOST VIGOROUSLY THE BETTERMENTS IN THE WEST.

BOOM THE WESTERN PACIFIC ROAD

Gould and Hawley Are Closely Allied—A Transcontinental Line from the Atlantic to the Pacific Ocean.

St. Louis, Mo., Nov. 19.—The New York correspondent of the St. Louis Star sends an article showing that New York and the financial district is coming into a realization of the real strength of the Gould's position in American railroading. The article says:

That portion of the bond issue of \$29,806,000 by the Missouri Pacific railroad, which has been underwritten by Kuhn, Loeb & Co., following so closely the sale of the Gould holdings in Western Union, constitutes a turning point in the policy of the Gould interests, which is of vital importance to the entire west. The Star correspondent is able to state on the highest authority that hereafter the Goulds will concentrate every resource of their vast money power on the development of their great railroad system; that with the completion of the Western Pacific, which gives them an outlet on the Pacific at San Francisco, and an all Gould trackage from the Pacific to Buffalo and Pittsburg, the Goulds believe they have a railroad system which under proper development is capable even of eclipsing the Harriman system.

Gould intends actively to push the development of the Gould lines in the west, and to push the Western Pacific as rapidly as possible into a position of traffic supremacy in California in pursuance of the belief that the Western Pacific is to the success of the Gould system the same strategic key which the Southern Pacific proved to be to the Union Pacific system.

It is well understood in railroad circles that E. H. Harriman found the Union Pacific incapable of the development it has attained without an out let on the Pacific, and that is why he acquired the Southern Pacific. The Goulds were quick to perceive that the same applied to their railroad system. It is to put the Denver & Rio Grande and the Missouri Pacific on a basis of the highest efficiency that the Goulds have undertaken this extensive financing.

Gould and Hawley are closely allied, Hawley being a director in Western Pacific, and it can be said that the far-reaching plans of the Goulds will be worked in full accord with Hawley's projects.

President George J. Gould, in a letter to stockholders, after referring to the fact that Western Pacific is now "rapidly nearing completion," refers to the purpose of the new Missouri Pacific bond issue thus:

"The Missouri Pacific railroad company will thus become an integral part of an important transcontinental line extending from the Mississippi river at St. Louis through the heart of the American continent, to the Pacific coast at San Francisco, aside from the control it always possesses of a system of lines extending through the southwestern states to the Mexican border."

"It is the belief of the management that the execution of this mortgage will provide the financial machinery necessary fully to develop the territory occupied by the company's lines and will permit the inauguration of a betterment programme resulting in the economical handling of all business. The authorized amount of the bonds secured is conservative and is justified by the increase in business handled during the past ten years and the present rate of development of the territory traversed by the company's lines."

MEETING OF EDUCATORS

It Began in Chicago Today and Will Continue Over Tomorrow.

Chicago, Nov. 19.—The twenty-second educational conference of the academies and high schools in relation with the University of Chicago was commenced today and will be continued tomorrow.

From the point of view of teachers, the importance of the occasion lies in the conference which takes place between the deans and principals with the members of the university, which embraces a program of topics covering the relations between the university and the schools.

From the viewpoint of scholars, the conference has double interest, exam-

inations in English, German, Latin, mathematics and physics being held for scholarships in the university, the annual contest in declamation between representatives of the schools taking place on the same occasion.

Many school children suffer from constipation, which is often the cause of seeming stupidity at lessons. Chamberlain's Stomach and Liver Tablets are an ideal medicine to give a child for they are mild and gentle in their effect, and will cure even chronic constipation. Sold by all dealers.

IS A "FAKE" CURE

FARMERS OF KANSAS HAVE BEEN FOOLED BY A NEW CHOLERA MEDICINE.

MADE OF SALT AND LAMPBLACK

Kansas City Man Conducts the Business and Has Swindled Hundreds of Hog Raisers and Farmers.

The latest is a hog cholera cure made from rock salt and lamp-black, mixed in proportions of ninety-nine pounds of salt and one pound of lamp black to the one hundred pounds, says the Chanute, Kas., Tribune. The salt costs \$1.25 per ton at the mine. This concoction is then retailed to Kansas farmers at \$5 per one hundred pounds. It is a great scheme and the manufacturers and promoters are getting rich on their 400 per cent profits.

John Kleinhaus, state pure food inspector, first discovered the cheat by making a simple test of the "Salt Tonic," as the stuff is labeled. He put some of the coarse, black grains into his mouth for a moment and the lamp black dissolved and he ejected pure rock salt into the palm of his hand. The promoter was in Kansas at this time selling his "cure" to the farmers by means of advertisements in the papers and a personal canvass. The advertisement refers to the stuff as a cure for cholera, black leg and other fatal ailments of live stock.

The state board of health got after the promoter and apprehended him. He confessed to the cheat and gave his formula as mentioned above.

This fellow has a nice suite of offices in the Exchange building at Kansas City, Mo., and conducts the sales end of his enterprise from that place. Thousands of Kansas and Missouri farmers frequent the Exchange building every week and this enterprising manufacturer of a sure cure for cholera and blackleg saw many of these agriculturists personally and the fame of his "Salt Tonic" spread through the land. It spread too far, and that was the real cause of the promoter's troubles. When it reached the Kansas board of health offices the simple cheat was at once discovered. This promoter bought his salt by the ton at 6 cents per hundred pounds and he invested in a pound of lamp black and retailed his salt at 6 cents a pound.

If the farmer who bought the salt had licked his tongue over a handful he would have transferred his cholera cure custom at once from the Kansas City Stock Exchange to his own local dealer in rock salt in wholesale quantities.

Imagine the feelings of a 3-year-old steer when this black stuff was placed before him in the guise of a tonic and cure for blackleg and then he licks it up only to discover that his salt has been colored and labeled. Even a steer could discover this cheat right off hand and the animal would have enlightened his master had he been gifted with the speech of men.

Had this stuff been labeled as a cholera and blackleg cure the board of health could have handled the promoter for a violation of the new pure food laws. But it was simply labeled as a "salt tonic." It is a salt tonic, all right; anyway, it ought to be, for it is pure rock salt colored with lamp black. The enervating qualities of the stuff were set forth in the advertisements and by word of mouth and thus the letter of the law was evaded. But the board of health will put a stop to the further sale of this hog cholera cure in Kansas.

Honey a Scarce Article.

Mexico, Mo., Nov. 19.—Lovers of honey will have a hard time to satisfy their longings this year, according to J. H. Davis, who operates a bee farm. He says the bees have made a fizzle of things this year, as there is scarcely any honey.

The most plausible reason for the failure of the honey crop is on account of the long continued dry weather during the latter part of the summer.

DUCKS ARE PLENTIFUL

One Farmer Who Wanted License to Hunt His Hogs.

Ducks in the vicinity of Rockville had better be "on their way" unless they have a desire to contribute to the bill of fare Thanksgiving. Hunters with double barreled, repeating, automatic shotguns are busy using up ammunition at a rate that "makes dealers in sportsmen's supplies rejoice exceedingly. The only way a duck can expect to keep from being shot is to keep far away from the scene of action.

Reports from over the state indicate that there are an unusually large number of hunting parties out this fall and that the shooting is good. The season is a little late, but the sport seems to be all the better on account of it.

Hunters are having considerable difficulty in complying with the game law in every particular, as it was constructed to cover the hunting of almost everything from rabbits to trouble. This makes it difficult for some parties to know when they are acting in a way that will conform to its regulations. The story is being told of a farmer who applied for a hunting license. After securing it he was asked what he expected to hunt. The farmer replied that a number of his hogs had strayed away and he thought it would be best to get a license to hunt them.

Burial Was at Warsaw.

The body of Mrs. J. E. Melton, who died Thursday, was taken to Warsaw this forenoon for interment, brief services having been conducted at the family residence on South Vermont avenue at 9:20 o'clock.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

Weak and unhealthy kidneys are responsible for much sickness and suffering, therefore, if kidney trouble is permitted to continue, serious results are most likely to follow. Your other organs may need attention, but your kidneys most, because they do most and should have attention first. Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root. A trial will convince you of its great merit. The mild and immediate effect of Swamp-Root, the great kidney and bladder remedy, is soon realized. It stands the highest because its remarkable health restoring properties have been proven in thousands of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Poughkeepsie, N. Y. Don't make any mistake, but remember the name, Swamp-Root, and don't let a dealer sell you something in place of Swamp-Root—if you do you will be disappointed.

That is a tremendous fact for users of heaters. Your fire is never out!

A hat full of coal in a Cole's Hot Blast burns all night, and in the morning instead of building the fire, shivering in a chilled room and waiting for the fire to heat up, you open a draft only.

And there is fuel enough left to warm up nicely.

We not only say this. We guarantee it, and our word is backed by the largest manufacturer of soft coal heaters in America.

We guarantee a saving in fuel of a third. This is a conservative guarantee. You really save one-half to 60% of your winter's fuel bill by using this stove.

GOOD ROADS CONVENTION

Will Be Called to Order This Evening at New Orleans.

New Orleans, Nov. 19.—A movement for making the highways of Louisiana the best in the south will be launched this evening when the State Good Roads convention is called to order by Governor J. Y. Sanders.

The convention proper will be followed by two days of automobile racing on the mile track at the fair grounds, under the auspices of the New Orleans Automobile club.

The indications are that every parish in Louisiana will be represented at tonight's meeting and that the enthusiasm for good roads will be aroused in every section of the state.

A MEET OF RACING MEN

That at the Oakland Track Is to Last Sixty Days.

San Francisco, Nov. 19.—Racing men of the country are gathering again at Emeryville today to take part in the meeting at the Oakland track, which begins tomorrow.

It is announced that the meet will continue for sixty days or more, but there is some doubt of this among the followers of the game, who fear that the Otis-Walker anti-betting law has put an end to the sport in California.

It is understood that the new method of oral betting, as practiced in New York, will be given a trial.

Kansas City, Mo., Nov. 19.—Kansas City is now burning gas from Oklahoma, according to the Kansas City Star of Thursday. The Kansas fields practically are exhausted. Gas experts say, however, that the wells in Oklahoma are so much deeper and stronger than those of Kansas, which have lasted three years, that they should furnish gas from seven to ten years without difficulty.

LANDS ARE OVERLOOKED

More Than 1,700 Acres Owned by Lafayette in Other Counties.

Higginsville, Mo., Nov. 19.—Lafayette county has just discovered that it owns more than 1,700 acres of land in Camden, Laclede and Douglas counties which were given to it years ago by the government under the Swamp Land act, and proceedings are to be instituted to regain possession of it.

Much of the land had been "squatted" on, but the squatters will be ousted and the land sold. It is worth from \$5 to \$15 an acre. A committee of county officials will locate the land and get the titles in shape.

Weak Kidneys

Weak Kidneys, surely point to weak kidney nerves. The kidneys, like the heart, and the stomach, find their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specially prepared to reach these controlling nerves. To doctor the kidneys alone, is futile. It is a waste of time, and of money as well. If your back aches or is weak, if the urine is cloudy, or is dark and strong, if you have symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative a month—Tablets or Liquid—and see what it can and will do for you. TEACHERS AND PUPILS

Are to Hold Convention at Springfield Saturday.

Springfield, Mo., Nov. 19.—The largest convention of school teachers and school children from the rural districts of Green county ever held in Springfield will be in progress at the state normal school here tomorrow. Several hundred children will be present, many of whom will compete for prizes in various contests. County Superintendent J. R. Roberts says that he is more than pleased with the success of the undertaking.

Eight districts, comprising the 115 public schools of the county outside of Springfield will be represented. Students from each district will take part in contests for prizes for the best declamation, the best dozen ears of corn grown by students in the eight districts and the best exhibit of school work. Preliminary contests have been held all over the county.

President W. T. Carrington, of the state normal, will deliver the address of welcome in the morning. A number of well known speakers are on the program.

Paraguay Tea.

The yerba mate, or Paraguay tea, has an immense consumption in the lower parts of South America, almost to the exclusion of tea and coffee. It grows wild and plentiful, is cheap as dirt and has a good per cent. of the active principle of tea and coffee, but less than either. It has a genuine high therapeutic, soothing, stimulating effect upon the stomach and the whole system. The people over a large part of South America have the very strongest belief in its curative and consoling effects.

Moonlight Blindness.

Moonlight most intense sometimes causes sore eyes in Cuba, and the natives navigate and perambulate with umbrella and paraluna. This very obstinate affection is cured by washing the eyes with moonlight-fall dew, so the inimitable Frank Steinhart, former consul general to Cuba, said. Not so strange a joke and cure after all, for such dew has been found to be radioactive and electric.

EXAMPLE AT NATIONAL CAPITAL

Fight to Lower the Cost of Living to Be Made—The Administration Is Heedless to the Many Cries of Distress.

Washington, Nov. 19.—A movement is to be started in congress this winter to focus the attention of the country upon trade conditions in American cities.

Local trusts, it is charged, force up the cost of living by forcing up the cost of a multitude of the necessary things of life. These local trusts, it is now contended, must have government supervision as well as the big trusts.

James J. Hill, traveling through the east, expounding the doctrine that general extravagance and the high cost of living indicate the approach of national decay, has attracted attention to this subject.

Washington being the only city of size under direct congressional control, will be made to serve as an example for the rest of the country. Competition is throttled here. Prices of every food article have risen gradually, doubled, trebled in ten years. A recent inquiry showed it to be true that hundreds of school children here are underfed—suffering from starvation.

The "progressives" in congress will unite in demanding:

First—That the district attorney here proceed against the local trusts.

Second—That the proper bureau of the government, either the bureau of corporations or the bureau of labor, prepare a full report upon the existence and effect of such local trusts in the other principal American cities.

Congress also will be asked to demand that the department of justice determine whether action can be brought against these local trusts under the anti-trust law. Commodity prices have gone up 56 per cent in American cities in the past thirteen years, while wages have advanced at not more than half that rate. The action of congress is expected to stop this proportionate advance before the breaking point is reached.

It is common knowledge that in Washington not a single article of domestic consumption is outside of control of a little trust which holds prices at a high level at all times. There are combines of grocers, commission men, bakers, coal dealers, milk men, etc., and although Washington is a comparatively small city, surrounded by a productive country, these little trusts have held the prices of commodities here up to the New York level, or higher, for years.

Some of these combines have grown so bold as to hold meetings, fixing prices and then announce the same in the newspapers as the action of their "association." A few days ago the milk men held such a meeting and then gave public notice through the papers that milk would hereafter be 9 cents a quart.

Many persons receiving comfortable incomes are put to it to meet their expenses, while it is officially stated that thousands within the shadow of the national capital, and with a trust-busting administration looking on, are unable to provide themselves with the necessities of life.

At a public meeting Monday evening the subject of the insufficient nourishment of children sent to school without breakfast was brought up, and Dr. A. T. Stuart, superintendent of the Washington public schools, said that by investigation of the school authorities it had been learned that at least 10,000 pupils of the graded schools of this city go without their breakfast and lunches because their families are unable to provide the same.

He urged the establishment of lunch rooms at public expense to give these needy and suffering little ones nourishment.

DAY BEFORE GAME

THAT BETWEEN YALE AND HARVARD TO BE PLAYED TOMORROW.

WORK OF TWO TEAMS COMPARED

It Will Be a Great Contest and the Indications Are That It Will Be Witnessed by Record-Breaking Crowd.

Cambridge, Mass., Nov. 19.—It is the day before "the game." Excitement is at that point proverbially known as "fever heat." Business in Cambridge is almost suspended, while everybody, from banker down to bootblack, discusses in earnest tones the chances of the Crimson in the morrow's contest with the Blues. The man from Mars, dropping in casually would think the towns-men were on the eve of a great battle, with life or death hanging in the balance.

As the day advances Cambridge begins to take on animation. Trains and trolleys bring to town the advance guard of the Blue army, and here and there in the streets of the village a blue flag relieves the monotony of the all-prevailing crimson.

The visitors are beginning to flash real money in the faces of Harvard adherents, and are finding ready takers. The freshmen and sophs are testing their voices in intermittent and defiant cries for tomorrow's verbal outburst.

The yells are principally designed to advertise Harvard, but now and then an interloper perks up his nerve, lets out a resounding squeak about the greatness and glory of Yale and immediately hunts cover. All in all, everything indicates that it is the day before "the game."

As to the chance of victory in tomorrow's game, that is as may be. Any Harvard man can give facts, figures and statistics to prove John Harvard's inalienable right to a reputation of last year's victory, with foot notes proving that the Eli bunch can not possibly win. The Yale man has a story equally convincing, and there you are. The wise course seems to be to keep your money to bet on a horse race or some other sure thing.

The comparative showings of the two elevens against West Point is considered the best dope on tomorrow's game, but they don't prove much. West Point experts pronounced Yale the strongest football aggregation that ever bore down on the Point.

The tragedy which resulted in the death of Cadet Byrne drove all idea of comparison between Harvard and Yale from the immediate thought of the experts, but up to the time the game was stopped Harvard had done enough to convince the lookers-on that Harvard, too, had an array of talent such as has not often been seen at the Point. A battle of football giants seems to be what is coming in Cambridge.

Harvard's line attack was further along than Yale's against the army, a condition to be expected, with Harvard having had two more weeks of preparation.

Harvard and Yale showed about the same defensive strength, which was ample to keep their goal lines safe. Going against the two opposing lines West Point could make no material impression against either. West Point got around the Yale ends more than around the Harvard extremities, but no more so once Yale began stopping these plays. In defense against plays in the open the two varsity teams did equally well, except that Yale was more alert and adept at coping with the outside kick.

Harvard ran back a good many West Points a short distance, but did not get in the long journeys in running back punts that Yale did. The army's tackling had made great improvement between the two games and was cleaner and sharper against Harvard, but for all that the Harvard backs did not get away as fast when running back a punt as the Yale men and did not keep going as hard.

Smoothness of co-operation between the backs and line was more noticeable in Harvard's play than in Yale's, and the line itself was more of a unit, but with little difference in this latter respect. The Crimson and Blue both executed forward passes with marked precision against the army.

The work of Vaughan, of Yale, and of L. Smith, of Harvard, in catching the passes was conspicuously good. Harvard's pass being shorter than Yale's, timed just as nicely, but not done with the easy assurance, confidence and apparent lack of effort.

"From what I have been able to see and hear, Harvard is dangerous," says Walter Camp. She is supporting her runners more than ever, and that

ECZEMA FROM HEAD TO FOOT

For Six Months his Suffering was Beyond Words—One Mass of Irritation and Itching was Dreadful—Slept Only from Sheer Exhaustion—Almost Out of His Mind—After 24 Hours' Use of Cuticura Slept Like an Infant and Then was

CURED IN ONE MONTH BY CUTICURA REMEDIES

"I am seventy-seven years old and one day, some years ago, I fell from a step-ladder, bruising my head. In a few days I could not walk. I called in a doctor and inside of a week erysipelas set in. The doctor had not cured me of that when I was taken with eczema from head to foot. I was sick for six months and what I suffered tongue could not tell. I could not sleep day or night because of that dreadful itching; when I did sleep it was from sheer exhaustion. I was one mass of irritation; it was even in my scalp. The doctor's medicine seemed to make me worse and I was almost out of my mind. I read of Cuticura and sent my wife to the druggist, who was a member of my lodge of Odd Fellows, for a set of the Cuticura Soap, Cuticura Ointment and Cuticura Resolvent. I used them persistently for twenty-four hours. That night I slept like an infant, the first solid night's sleep I had had for six months. I was not afraid to use plenty of Cuticura Ointment and Cuticura Soap with hot water and in a week's time I was able to put on my clothes again. In a month I was cured. From that day to this I cannot praise the Cuticura Remedies too highly. I may add that I have a very heavy head of hair which I owe to Cuticura. W. Harrison Smith, R.F.D. 2, Mt. Kisco, N. Y., Feb. 3, '08."

A single set of the Cuticura Remedies is often sufficient for the treatment of the most torturing, disfiguring, itching, burning and scaly humors, eczemas, rashes and irritations, with loss of hair, from infancy to age, when all other remedies fail. Guaranteed absolutely pure and may be used from the hour of birth. Cuticura Soap (25c), Ointment (25c) and Resolvent (50c), and Chocolate Coated Pills (25c) are sold throughout the world. is dangerous. She is also aggressive, and no matter what position she finds herself in, she will fight, and fight hard, as was shown in the Brown game.

"Team work, however, is not as important as it used to be, and the success of the team today depends on the ability of the individual player. I feel that I can safely say that the present Yale team possesses more expert knowledge of the game individually than any other team that Yale has ever had."

"In the big game the player has a dozen or more opportunities today to use his individual judgment, and to

IS FRANCIS OUT OF IT?

Has He Decided Not to Be Candidate for U. S. Senator?

Jefferson City, Mo., Nov. 19.—Regarded as significant in democratic political circles is the announcement that ex-Governor David R. Francis has accepted the office of vice president of the American exposition to be held in Berlin, Germany, next summer. The office was tendered him some time ago by the directors, but Mr. Francis did not agree to serve until a recent conference held in New York, and his acceptance is generally taken as evidence that he will not enter the contest for United States senator from Missouri, as the duties of the office would require his presence in Germany during the summer of 1910. J. Pierpont Morgan is president of the American exposition committee, and more than a score of states have made reservations for exhibits.

AN UP-TO-DATE DRUGGIST

Says it is surprising how many old-fashioned remedies are being used, which goes to show that it is hard to improve some of our grandmothers' old, time-tried remedies. For instance for keeping the hair dark, soft and glossy nothing equaling our grandmothers' "sage tea" has ever been discovered. Although by the addition of sulphur and other ingredients, this old-fashioned brew has been made more effective as a scalp tonic and color restorer. Nowadays when our hair comes out or gets faded or gray, instead of going to the garden or garret for herbs and making the tea for ourselves, we simply go to the nearest drug store and ask for a bottle of Wyeth's Sage and Sulphur. This preparation is sold by all leading druggists for 50c and \$1.00 a bottle, or is sent direct by the Wyeth Chemical Company, 74 Cortlandt St., New York City, upon receipt of price.
